Online Education

1. Does all programs/courses were completed on time.	Yes
--	-----

2. Measures taken to complete the syllabus of courses and programs.	<p>All the programs taught in the college are affiliated to Osmania University and hence, all the departments are required to implement the syllabus prescribed by the Osmania University. The departments strive for effective curriculum delivery through a combination of time-tested and innovative methods: beginning with an entry-point assessment of the student's aptitude and expectations relating to the course; and proceeding according to a set of teaching plans based on Almanac and Institutional calendar to cover the available timeframe, yet flexible enough to permit changes.</p> <p>The teaching plans consist of detailed apportionment of the syllabus among all the faculty of a particular department. The apportioning is done democratically through discussion and deliberations among the faculty members in departmental meetings. Faculty members take utmost care to complete the syllabus in time.</p> <p>The Timetable Committee headed by the Principal and Vice- Principals (Administration and Academic) draws up a detailed timetable which efficiently deploys the units of time for academic and co-curricular purposes, thereby ensuring a balance between the different types of engagement a student is expected to participate in. The Time Table is displayed on the Notice Board and also uploaded on the college website.</p> <p>The projects, class tests and internal assessments comprise the formal evaluative processes, but the students are encouraged to meet faculty beyond classroom hours for doubt-clarification and curricular discussions. Extra hours are devoted to taking remedial classes after completion of internal examinations to bolster students' preparedness before University examinations. Periodic meetings of IQAC take stock of the progress of teaching – learning and meetings of the Department with Principal and Parent-Teacher meetings are other forums, where progress of the delivery of curriculum are regularly monitored and necessary course corrections are initiated. The faculty engages extra periods and practical's as and when necessary and maintains their records. The college is well equipped with ICT facilities, which are extensively used by teachers in day to day teaching to make delivery of the curriculum, attractive to students. Interactive teaching is promoted through students' participation in group discussions, quizzes and seminars. Special lectures delivered by eminent Professors and Academicians, Personality development trainer on topics related to the curriculum and other, further intensify students' learning experience.</p> <p>Each Department maintains a Department Library to facilitate the students to access latest books available in concerned subjects and topics. The books are issued to the students as and when needed by them. The record of the same is maintained in Department Library and Issue register maintained by all the Departments.</p> <p>The college encourages the faculty to participate in Seminars/Conferences, Orientation and Refresher courses to update their knowledge of their subject. The college encourages the faculty to attend the meetings of BOS and syllabus restructuring workshops. The college takes initiative and encourages staff to attend workshops organized by the University for effectively implementing the CBCS method of imparting curriculum. The Choice Based Credit System (CBCS) is implemented for enabling choice for selection of Elective papers to the students. This system (CBCS) is introduced from the year 2016-17 .New recruits are given orientation regarding teaching methodologies. The achievements of objectives of the syllabus are measured through students' performance in internal tests, Group discussions, Presentations and University examinations.</p>
