SCAN FOR LOCATION

About Hyderabad

Hyderabad, city located along the banks of River Musi, is the largest city and capital of the State of Telangana. It is perched on a hilly terrain surrounded by beautiful artificial lakes, including the Hussain Sagar that predates the founding of the city. The city is home to some exotic flora and fauna and is one of the fastest growing cities getting greener every day. A hub of technology firms, including Microsoft and Oracle, call Hyderabad a Hi-Tech City their home.

About the College

Indian Institute of Management and Commerce founded in 1973, is an Autonomous College & sponsored by Vasavi Foundation. The Institute strives to fulfill its mission to provide education opportunities to all aspiring youth to excel in life by developing academic excellence, fostering values, creating civic responsibility and building global competencies in a dynamic environment. For its contribution in the field of education, IIMC Re-Accredited with "A+" Grade by NAAC, also certified by ISO 21001:2018.

About the Telangana Commerce Association

The Telangana Commerce Association was established in the year 2018. It is a professional body aimed at promoting commerce education, research, and collaboration among academicians, researchers, and industry experts in Telangana. The association provides a platform for knowledge sharing through seminars, workshops, conferences, and faculty development programs. It also encourages research publications, innovation in teaching methodologies, and strengthens the link between academia and industry. Further, the association plays a key role in enhancing the quality of commerce education by supporting curriculum development, student skill enhancement, and fostering professional networking among commerce educators across the state.

About the Conference:

In the 21st century, economies across the globe are undergoing rapid transformation driven by digital innovation, globalization, & sustainability concerns. The integration of commerce and management through technology has emerged as a powerful approach to achieving sustainable development. Businesses are no longer evaluated solely on profitability but also on their environmental responsibility, social impact, and governance standards. This thematic area explores how commerce and management practices, empowered by modern technologies, can collectively contribute to sustainable development goals. By bringing together academicians, researchers, policymakers, & industry professionals, the conference seeks foster inter-disciplinary collaborations, facilitate high-quality research dissemination, & support evidence-based practices that advance national development priorities & the global Sustainable Development Goal. The conference is organized by Indian Institute of Management and Commerce in association with Telangana Commerce Association.

Objectives

1. To explore the role of technology in transforming commerce and management practices for achieving sustainable development.
2. To provide a platform for academicians, researchers, industry experts, and students to share their research findings, ideas, and experiences related to commerce, management, and technological innovations.
3. To examine emerging technological trends such as digital transformation, artificial intelligence, fintech, and e-commerce and their impact on business sustainability.

Expected outcomes

1. Enhanced knowledge and awareness how technology can be integrated with commerce and management to achieve sustainable development.
2. Discussions may generate recommendations for policymakers, educational institutions, and businesses to adopt technology-driven sustainable practices.

Theme of the Conference

We welcome the papers related to any relevant topic of the following disciplines, as the sub-themes are exhaustive.
