## BECOME A CHANGE- MAKER

## **VOICE4Girls Internship**

### **Eligibility:**

First, Second & Third year students of B.Com., B.Sc., B.B.A. (Both Girls & Boys)

### **Greetings from VOICE!**

VOICE has reached out to "ONE LAKH" adolescents with the support of 4,000 young college students. We are grateful to all our partners who have over the years supported us to build an interdependent and collaborative community of empowered adolescents across India.

We know that you value our work as much as we value your support, looking forward to possessing this association sounder in the coming future. This year, VOICE would like to engage with you in many more ways!

### **VOICE4Girls Winter Camp 2021 :**

Despite the pandemic and the lockdown, VOICE as an organization continued being resilient and reached out to adolescents virtually over the zoom platform. With the reopening of schools, VOICE is now back with physical camps in collaboration with the Government of Telangana alongside the Covid-19 precautions. We are looking for young college students to intern with us as counselors. The details of the internship are mentioned below.
